

Silicon Valley Community Foundation
SCHOLARSHIP OPPORTUNITIES 2018

Silicon Valley Community Foundation administers a variety of scholarship programs that grant up to \$40,000 to students graduating from high school, attending college or graduate school, as well as those re-entering school.

All scholarships have been established by generous individuals, corporations or organizations to assist students with their education. Whether the scholarships were created to honor loved ones or provide opportunities for specific communities, each helps students achieve their dreams.

In partnership with our donors, SVCF awards more than \$1.4 million in scholarships annually, and has awarded more than \$14.9 million in scholarships since 2007 to help students pursue higher education.

SVCF Scholarships are available to:

- Graduating high school seniors
- Students enrolled in two- or four-year undergraduate programs
- Students enrolled in or planning to enroll in graduate programs
- Non-traditional / re-entry students

Also, please read through the frequently asked questions (page 18) to learn more about the application process and program details.

Complete information about SVCF scholarships and the application process can be found online at siliconvalleycf.org/scholarships.

SCHOLARSHIPS TIMELINE

Please keep the following general timeline in mind when applying for scholarships.

Remember, each scholarship program varies, so be sure to refer to each program's description, contact person, or website for details.

DECEMBER

Scholarship information released at siliconvalleycf.org/scholarships. Make sure to complete and submit the financial aid application that applies to you:

Free Application for Federal Student Aid (FAFSA) at fafsa.ed.gov or **California Dream Act Application** at dream.csac.ca.gov.

Most scholarships require the completion of one of these two applications to be considered for a scholarship. Read each scholarship's application requirements for details.

JANUARY-FEBRUARY

Application period opens for most scholarships. Refer to each scholarship's description, contact person or webpage for application instructions and deadlines.

MARCH-APRIL

Finalists are identified and interviews are conducted (for select programs only).

MID-APRIL/EARLY MAY

Invitations to interview will be emailed to finalists. Please ensure the scholarship program to which you've applied has your correct contact information.

MAY-JUNE

Student notifications are sent. Notifications are emailed, so please ensure the scholarship program to which you've applied has your correct contact information. Should you be selected as a recipient, you will receive correspondence detailing your award information and requirements for claiming your scholarship.

JULY-OCTOBER

Scholarship payments are disbursed to schools.

FREQUENTLY ASKED QUESTIONS

How do I apply?

Go to siliconvalleycf.org/scholarships to find application instructions. While program requirements vary, in general, most scholarships require:

- A completed application
- Personal statement
- Official transcripts of grades
- Letters of recommendation
- A copy of your current Free Application for Federal Student Aid (FAFSA) or Student Aid Report (SAR) or California Dream Act Application

NOTE: Some scholarships require additional materials (e.g., writing samples, SAT/ACT scores, etc.), so be sure to review each scholarship's application requirements at siliconvalleycf.org/scholarships.

Are only graduating high school seniors eligible?

No. While many of our scholarships are for graduating high school seniors, others are open to students already enrolled in college or adults who want to go back to school.

What if I'm attending a community college or vocational school?

Our donors understand that not all students take the traditional path in their pursuit of higher education, and some programs provide support to students who attend community college or a vocational school. Use the index at the back of this brochure and the program descriptions to identify all scholarships for which you may be eligible.

What if I am not a "straight A" student?

SVCF offers scholarships for a variety of students, including part-time students and students who are likely not to receive other scholarships because of their grades. Read all scholarship descriptions carefully to determine which eligibility criteria you meet and for which program(s) you can apply.

How do I know if I am eligible to apply?

Eligibility criteria are listed under each scholarship program in this brochure and in the scholarship descriptions at siliconvalleycf.org/scholarships, along with the complete application instructions. Thoroughly read each scholarship program's eligibility requirements to identify the scholarships for which you may be eligible.

May I apply for and receive more than one scholarship?

Yes (unless otherwise noted in the scholarship descriptions in this brochure), provided you meet the eligibility criteria for each scholarship for which you apply.

If I win a scholarship, how and when is the money disbursed?

SVCF's policies require scholarship checks to be sent directly to the educational institution in which you will enroll. Checks are issued to your school after you accept your scholarship and provide proof of enrollment. Checks are generally issued beginning in July of the awarding year.

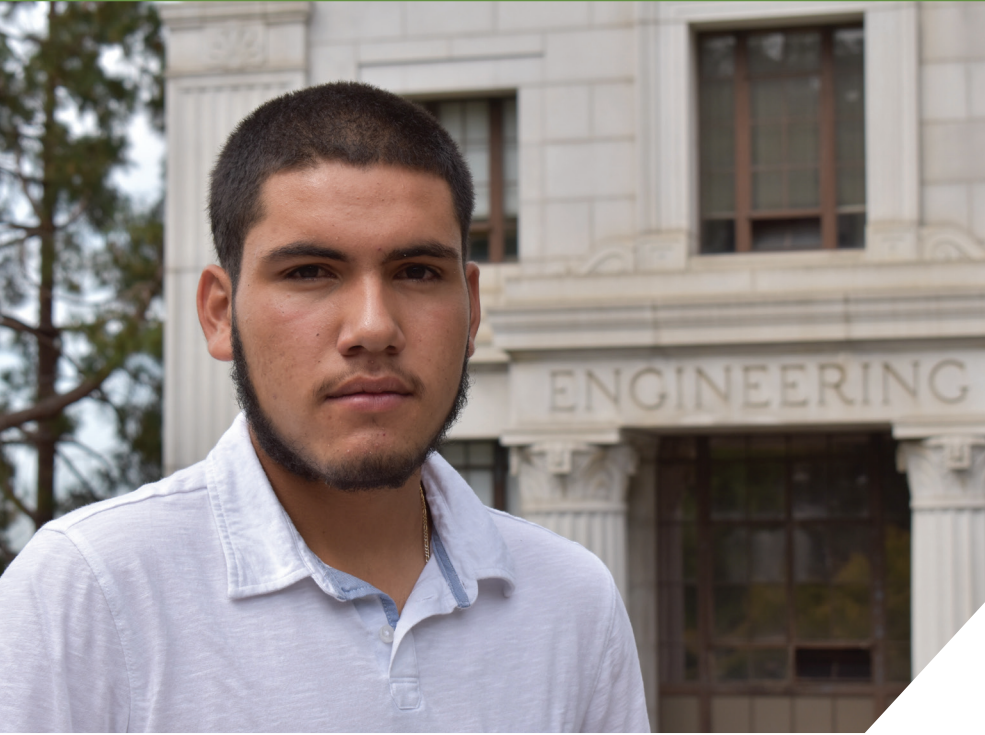

How are eligibility requirements determined?

Scholarships are available through SVCF thanks to the generosity of donors who have established scholarship funds with us. Donors determine the eligibility requirements for their scholarships. Although most scholarships consider financial need, some scholarships also focus on academic achievement, academic potential and/or community service. Please read the specific requirements for each scholarship (listed in this brochure and online) to determine if you are eligible.

RECIPIENT STORIES

Each year, SVCF awards more than 400 scholarships. Learn more about some of these recipients through their stories:

SALVADOR FLORES GARCIA

University of California, Berkeley, Class of 2021

Recipient of the 2017 Abby Sobrato Scholarship

The Abby Sobrato Scholarship seeks to honor deserving students from Latino College Prep Academy, Luis Valdez Leadership Academy and B. Roberto Cruz Leadership Academy in San José, Calif. Salvador is a model student who balanced a demanding high school schedule with playing sports, tutoring classmates in math and volunteering in the local community. He worked on construction sites on the weekends with his father, he regularly cleaned up the streets around his neighborhood and he hosted youth soccer games at the local community center.

Salvador's parents are Mexican immigrants, and he is the first in his family to attend college. He dreams of becoming a civil engineer and opening his own company to design and build homes for those in need. He began his freshman year at UC Berkeley in the fall of 2017 as a civil engineering major, where he is involved with the Hispanic Engineers and Scientists and Cal Construction clubs.

"I would like to improve impoverished homes and help people out, just the way that the Abby Sobrato Scholarship has helped me so far," he said.

SAMANTHA AZEVEDO

College of San Mateo, Class of 2019

Recipient of the 2017 Marie A. Calderilla Scholarship

The Marie A. Calderilla Scholarship enables women to pursue courses of study within the San Mateo County Community College District. Samantha is a standout leader and disciplined student involved in campus life and the local aquatic club. After starting as a "C" student her freshman year of high school, she worked tirelessly to improve her grades, join school leadership and be a peer tutor. She finished high school as an "A" student. In addition to being on the varsity high school swim and water polo teams, Samantha worked as a swim instructor for kids and as a lifeguard.

Samantha looks forward to attending the College of San Mateo to explore her major and career options. She dreams of opening an equestrian therapy ranch for people with special needs.

"I want to become a person who makes a difference in the world," Samantha said. "This scholarship helps with my career path because I can take more courses instead of working full time."
